We will be hosted by **Speedway club Unia**.

Walk around the stadium, with brief guided tour, and if we are going to be lucky, maybe we would be able to enjoy watching some Speedway training sessions 😊

About the venue:

Speedway Stadium Milenium (often spelled “Stadion Milenium” in Croatian) is located in Donji Kraljevec, a municipality in the Međimurje County of northern Croatia, near the Hungarian border. It is one of the most notable speedway venues in the country and has earned a reputation as one of the more modern speedway tracks in Europe.

Speedway Stadium Milenium in Donji Kraljevec stands as the heart of Croatian speedway—hosting top-level events, attracting international competitors, and fostering a strong community of fans and riders. Its modern facilities and well-

prepared track have made it a favorite for both local and visiting speedway enthusiasts, putting Croatia on the map for international motorcycle racing.

Mlin na Muri

“Mlin na Muri” means Mill on river Mura, or Mura Mill in short

Here, the lunch will be served, and we will rest and enjoy the surroundings.

About the venue:

At the northernmost point of the Republic of Croatia, near the small settlement called Žabnik, the Mura River turns the impressive wheel of a wooden river mill. It is a unique object of traditional architectural heritage in Croatia. The murmur of the water and the creak of the stone millstone take visitors back to the distant year 1902, when flour was first ground on this floating "old man".

Around the mill, in an idyllic natural setting, the "Miller's Educational Trail" has been arranged. In addition to a walk-through preserved nature, this educational trail also offers a wealth of interesting information about the natural and traditional heritage of the area of the Mura River Significant Landscape.

There is also a river ferry - a vessel that, like a perpetual motion machine, transports people and vehicles from one riverbank to the other, without engines, sails or oars.

So interested participants would be able to ride the river ferry, and visit the other bank of river Mura which is a territory of Republic of Slovenia
